22nd Annual Wildcatters Golf Tournament

August 27, 2024 Country Hills Golf Club

COUNTRY HILLS

At Providence, we believe all children deserve a joyful, supportive, respectful and safe environment that encourages exploration, learning and growth.

Providence operates six schools with more than 820 students aged 2 to 6 years. Our programs are designed to support young children who may not be meeting typical developmental milestones. To attend, children must qualify for special education funding (Program Unit Funding - PUF) through Alberta Education. Each child has an Individual Program Plan (IPP) developed by the Providence Learning Team and the parent/guardian.

Our experience covers a range of disabilities including, but not limited to:

- Speech and language delays
- Sensory disabilities
- Visual impairment
- Genetic disorders
- Global developmental delay
- Autism spectrum disorder
- Deaf or hard-of-hearing
- Rare and undiagnosed delays/disorders
- Fetal alcohol spectrum disorder
- Down syndrome

In addition to these programs, Providence offers specialized programs and services in the community to support the development of all children:

- Inclusive Child Care Program - We share our expertise with child care professionals to help them better support the diverse developmental needs of all children in their care.
- Contracted therapy services to independent and charter schools.
- Private Assessments.
